BEARS ATTEMPT TO COVER When Opened Weak, But Closed With Slight Gains—Hogs and Hog Products Firm.

New York, Aug. 9.—Money on call has been quiet, ranging from 3 to 5 per cent; last loan at 3 per cent and closing offered at 3 per cent.

Government bonds have been strong. The dealings of the stock exchange were characterized by weakness during a great part of the day and in some instances sharp declines were recorded.

The bears were unusually aggressive, having been encouraged in their operations by the closing of the Madison square bid, the continued high premium paid for currency and gold.

On the other hand there was little or no support from any quarter. The heaviest declines were in General Electric, 1/4 in Chicago Gas, 3/8 in Western Union, 3/4 in Burlington & Quincy, 3/4 in Sugar, 1/2 in Lacksawanna and 1/4 in Manhattan and Rock Island.

The offerings were not particularly heavy and the losses recorded chiefly from the lack of supporting orders. As on yesterday the selling for the long account was comparatively light, a fact which made itself felt during the last hour of business, when the whole market took a strength and advanced anywhere from 1/4 to 1/2 points.
